The Bryce Flush Mount is a modern fixture that is just as at home in any hall as it is in a bathroom. This simple round form is embellished with a motif that hearkens to industrial gears. Barry Goralnick has explored these forms with Currey & Company in other collections, the addition of the silver leaf surface a new elegant touch. The classically inspired finial capped off with a ball adds a sophisticated focal point. The glass diffuser in frosted glass provides an even glow. The Bryce is also available as a wall sconce.
