1 Light Wall Sconce

Nautical-inspired, Seaport is a collection of industrial fixtures to create your seaside retreat. Offered in pewter and matte black, the New England style is enhanced by protective cages that shield the otherwise exposed bulbs. Created to suit the needs of many, ball joints permit a multitude of configurations. Point all of the metal shade down for directional task lighting or angle it out to fit a tight space. Sconces are popularly used in halls, stairways, and foyers as accents. This sconce is approved for damp locations.
