

Shade Installation Instructions

C10

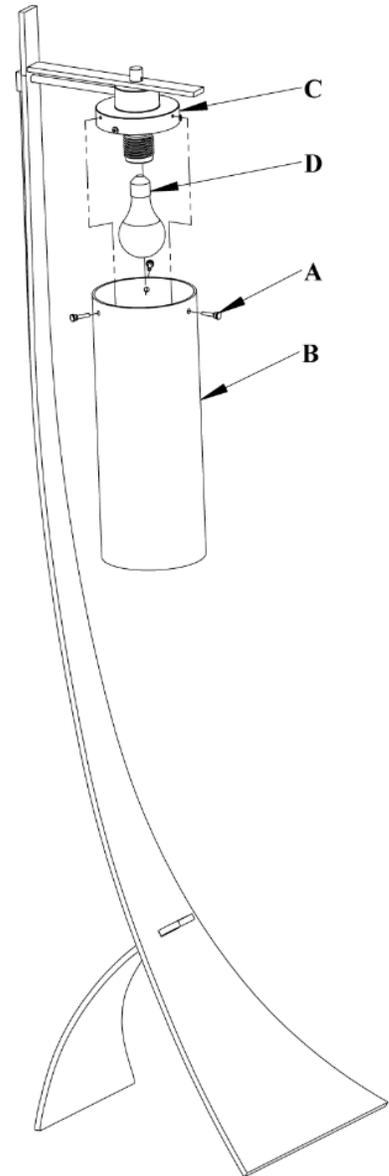

For fixtures requiring assembly, please refer to assembly instructions before glass installation.

Component Parts

- A** Screw (3)
- B** Glass
- C** Socket Cup
- D** Bulb (Included)

To Install Glass

1. Install Light Bulb (D) included.
2. Slide Glass (B) up over light bulb and Socket Cup (C).
3. Secure Glass by threading Screws (A) into the sides of Socket Cup. Start all screws into threaded holes before tightening each screw fully. Adjust screws so that Glass is centered on socket.

If you need further assistance, or find that you are missing any parts, please contact the dealer from which you purchased this product.

We hope you enjoy your fixture!
