PRODUCT DESCRIPTION

Line voltage die-cast aluminum lamp holder.

FEATURES

- Die-cast aluminum body provides superior strength and rigidity
- Low profile, aesthetic design
- Completely concealed wiring
- High-strength stainless steel electrical contacts
- One or Two-Circuit track capable
- Available in standard H-Style, J-Style or L-Style adapters

SPECIFICATION

Construction: Main body is constructed of die-cast aluminum. Vertical stem conceals wiring and connects lamp holder with swivel to track. Two stainless steel screws secure a porcelain base socket.

Stem: 0.042" hollow steel stem carries wiring from fixture to track. Stem provides horizontal or pan angle aiming of fixture.

ELECTRICAL

Socket: Porcelain twist and lock GU10 socket

Wattage: 50W maximum

Lamp: MR16 (not included)

One/Two Circuit Conversion: Positive contact (opposite neutral and ground contacts) is preset to "down" position at factory but may be raised to the higher position to install onto the second circuit of Nora Lighting NT-2300 series two-circuit track.

Finishes: Black, white and silver finishes are available; contact warehouse for custom finishes.
