

Exo 18 Flush Mount

LED T20

DESCRIPTION

With optional sizes ranging from a simple cube to exaggerated rectangular shades, the Exo LED ceiling light from Tech Lighting yields the ultimate in minimalist form while secretly concealing a specification-grade, multi-function performance down-light within. Its high-performance output is harnessed by your choice of four field changeable optics ranging from a precise 20° beam perfect for task-oriented applications such as kitchen island lighting, to a wide 60° beam ideal for general illumination-minded applications such as hallway lighting, entry lighting or dining room lighting where it can be used in lieu of recessed down-lights. Additional precision control is offered by way of integrated 0°-30° tool-free beam aiming. Finally, a truly customized look can be achieved with the Exo ceiling light by selecting from its White, Black or Gold Haze recessed trim color options. Includes 14 watt, 1119.8 delivered lumen, 2700K, 3000K or 3500K LED modules. Dimmable with most LED compatible ELV, Triac and 0-10v dimmers. Choice of 20°, 30°, 40° or 60° field changeable optics.

INSTALLATION

This product can mount to either a 4" square electrical box with round plaster ring or an octagonal electrical box.
